To Whom It May Concern:

It is with pleasure that I write this letter of recommendation for Mrs. Jessica Scaggs who is applying for the graduate program at Michigan State University. I came in as the new principal last spring and have teamed with Jessica over the last year here at Windemere Park Charter Academy.

Jessica is a hard working teacher that does an excellent job of providing leadership. She is a committed educator that works hard to meet the needs of her students. Her science classes are some of the best organized and engaging of all the middle school classes.

Jessica has chaired our Technology Committee this year and provided leadership and support to her colleagues. While our technology coordinator was on a three month maternity leave, Jessica became one of our "go to" colleagues when technology issues surfaced.

During my observations of Jessica and her classes, it is apparent that she establishes respectful relationships with her kids and their parents appreciate the job she does. Her website is a great reflection of how she communicates with parents and keeps everyone informed.

I believe that Jessica would be successful in her pursuit of a graduate degree. She takes a great deal of pride in her work and truly represents her profession with confidence and commitment.

Respectfully,

Joseph Thienes, Principal
